

# S.J.C. ★ PANTHER SENTINEL

Volume XVII

Salinas, California, Friday, March 12, 1948

Number 19

## Cage Budget To Receive More Funds

Major item on the agenda of this week's meeting of the commission was this season's basketball budget. As has been the case in the last several meetings, finances predominated for the largest part of the hour.

Coach Ed Adams reported that approximately \$100 would be needed for basketball awards which included sweaters and blankets and certain expenses for Friday night's banquet. It was also pointed out that basketball had surpassed its estimated income by nearly \$500.

After considerable controversy and heated debate, an appropriation of \$100 was voted for the basketball budget. The money will come from the basketball income surplus.

Another item to command considerable attention was the coming Spring Prom. No definite time was set but the week ends of April 30-31 and May 28-29 were chosen as likely dates for the annual affair. Commissioner of social activities Loren Ingols and a committee to be chosen will discuss possible sites. It is hoped that a Monterey Peninsula site can be secured for the ball.

The matter of the World Student Service Fund was reported on by Ingols but it was decided that the commission would be unable to handle any contributions for this year's campaign. A letter will be sent to the Nu chapter of the Alpha Gamma Sigma asking if they would like to handle the task of raising funds for the service fund.

John Vucina, commissioner of finance, reported that approximately \$4 had been derived from the opening baseball game with the San Jose State Frosh. It was also reported that the Pomona Glee Club fund was \$25 short as only five of the 10 clubs had appropriated the \$5 requested from each club. Another financial matter found the student officers voting to transfer \$28.92 that remain in the transportation fund to the conference fund.

Lone absentee for the meeting was Vice-president Charles Mor-nard.

MARRYIN' SAM INGOLS expects to do a land office business in today's Sadie Hawkins' program as the girls will go all out in an effort to latch on to some potential L'il Abner. Joy Garcia seeks the good word from Marryin' Sam while keeping a firm hold on subdued Ron Wesley. Mary Bell seems intent on throwing a baseball bat into Joy's plans.

## Chicken Dinners On Tonight's Menu for Athletes

Block "S" Society members and their dates are eagerly awaiting the banquet which will be held tonight in the school cafeteria at 7:30. The menu calls for a chicken dinner and it will be served by the cafeteria staff. The cost of the dinner will be approximately 75 cents per person.

During the course of the dinner Jerry Hoagland will be presented with a gold basketball for having been elected captain of the team this season. There will be a guest speaker and Don Napoli will play a few selections on his accordion. The purpose of the event is to award letters to the members of the varsity and junior varsity and to initiate new members.

## U. C. Requires Engineering Examination

Any student desiring to enter the engineering department at the College of Engineering, University of California at Berkeley and Los Angeles, is required to take the engineering qualifying examinations. This is necessary due to the fact that the Educational Testing Service of New York City is administering the pre-engineering inventory.

Applicants wishing to enter the lower division of the Engineering college are required to take the freshman examination. The junior examination must be taken by those applicants desiring to enroll in upper division engineering courses.

These qualifying examinations will be given here on Saturday, May 8, at 8:15 a.m.

## Rally Review

## Dance Tonight Tops Sadie Hawkins' Day

Heralding the coming of Sadie Hawkins' Day, a rally was held yesterday morning to give S.J.C. students a preview of what was to come. Feature of the entertainment was a style show put on by a group of sophomore men.

Classes will be dismissed between 12 and 1 o'clock today for racing activities in the field behind the cafeteria. Races will be under the direction of U.G.C. girl, Virginia Brown.

Tonight's backward-type dance will feature the music of Tony Vyeda and his orchestra. Square dances are planned for a portion of the evening.

Prizes will be awarded for the most original costumes and as part of the entertainment, a comic pie-eating contest, with prizes, will be held.

A floor show during intermission will boast of the talents of Muriel Silacci, June Tombleson, Norma Jean Jansen, Eddie Pier-son, Virginia Brown, Honey Har-ris, Richard Rohrbacher, Betty McCormick, Don Napoli, Loren Ingols and the J.C. trio, John Eastman, Harry Lee, and Jack Wilson.

General chairman Gloria Lewis promises a very full evening for every girl who purchases a dol-lar admission ticket.

GLORIA LEWIS, Sadie Hawkins' dance committee chairman, is in charge of tonight's Dog-patch Doin's.

## Senior Day Scheduled For Grads

Senior days will be held in the near future, giving each high school within the radius of Salinas J.C. the opportunity to send their senior students here for a day where they can receive at first hand, information about the campus, according to Mr. John Lemos.

The students will lunch in the cafeteria, and then have a brief-ing session with the deans in the Little Theater. Junior college talent will also present a show in the theater.

Mr. Lemos and the three deans will meet with the Salinas high school seniors on April 1. At this time they will give a de-tailed explanation of the three divisions here.

## Alumni Nine Opposes Locals

Salinas J.C. diamond artists swing back into action tomorrow afternoon at 2:30 when they will oppose an alumni nine on the local diamond.

Heading the alumni squad will be Finis Jeffers who caught on last year's powerful Panther team. Stan Miller and Larry Connor will share mound duty for the locals.

## March 17 Set For Soph Show

St. Patrick's Day has been de-cided upon by the Sophomores as the day to present their show, which will be held in the Little Theater at 11 a.m.

Under the leadership of Holt Wood, the program is rapidly taking form. It consists of sev-eral skits, among them a bur-lesque of Noel Coward humor presented by Pat Heple and Jim Clark.

The Jaysee trio will sing sev-eral selections, and Ramona Kil-foyl and Donna Musler will dance. Minnie Belle Walker will display her vocal talent and Anita Norris will sing a humorous, sa-tirical selection entitled, "Let's Be Sweethearts Again."

Loren Ingols and Holt Wood will share master of ceremonies duties and will be responsible for between-act activities.

## New Students Must Take Psych Exams

All freshmen or new students who did not take the psycholog-ical examination last semester will be required to take it on Tuesday, March 16. Students will be excused from classes to take it, and the names of those who are to take the test will ap-pear on the bulletin board.

## The Panther Sentinel

Official publication of the Salinas Junior College, published every Friday by the Associated Students of Salinas Junior College, Homestead Avenue, Salinas, California. Editorial office, Room 9. Subscription rate, \$1.00 per year, 5c each copy.

## Public School Week To See Opening

The O. P. Silliman Memorial Library will be opened to the public during Public Schools Week, April 26-30. This library contains more than 5,000 volumes and pamphlets on ornithology, zoology, and history of early California explorations.

The books were presented to the college by Mrs. Mathilda N. Silliman, in memory of her husband, the late O. P. Silliman, prominent Salinas Valley hay and grain dealer, who died in 1943.

Mr. Silliman studied birds and wildlife from the time he was 12. The collections of books, bird skins, and eggs that he accumulated during his lifetime were all given to institutions of higher learning in hopes his work might be continued.

Some of the books are 200 years old and others are over 100 years old. Some are written in Latin, and others in French and other foreign languages.

The library has been closed up until now so that proper accommodations could be made for the books.

Silliman's collections were first started as a childhood hobby and given careful guidance and encouragement by his mother un-

## Typists Take Test

Several typing students were recently given typing tests by a representative of the State of California personnel board. This test is used in order to qualify for a future written test for examinations as junior typists or junior stenographers. A candidate in order to be able to take the written test is required to pass a 10-minute typing test, and type a net of 40 words per minute.

Following students have passed the typist test, at the minimum net of 40 words or better per minute and are now eligible to compete in the written examination which will be held in April: Marianne S. Urabe, Doris Sakasegawa, Mae S. Urabe, Patricia F. Nagle, Clarice T. Danini, Gloria J. Lewis, Regina M. Nunes, Arlyne M. Abe, and Donna B. Sherman.

If the candidate passes the written test successfully, she will then be eligible for employment in any of the California state offices in this area.

## Noon Concerts Start Tuesday

Mr. Lorell McCann has set next Tuesday as the date for the first of the noon concerts. These concerts, given by the school band under the direction of Mr. McCann, are held on the front lawn by the Panther from 12 noon to 1 p.m.

The band promises an interesting and varied program and all students are invited to bring their lunches and join the concert. On Tuesday's program there will be solos featuring the bass section.

Miss Alberta Paculba is the only advanced student in stenography who has recently been awarded the 120 word, Gregg gold pin. She achieved this by being able to take dictation at 120 words per minute, for five minutes, on difficult congressional material. Other advanced students in stenography are trying for this award.

**POPULAR HONEY HARRIS** deserves a "nice going" for the long hours she has put in during the last two weeks in an effort to make this year's Sadie Hawkins the best ever. Honey has served as publicity director for today's activities.

No one was ever hurt by anything he did not say.

## Campusology

By JERRY PARKER

"I WALK ALONE . . ."

I hear that they have finally found out who the "Walking Man" is . . . Maybe now he can sit down and rest for a while, and oil those awful squeaking shoes. Part of the prize was a bunch of suits of men's clothes, and the winner is a widow . . . What a revolting development.

**NOW IS THE HOUR . . .**

This, gentle readers, is THE week . . . the week that those D—ficiency notices come out. There will no doubt be a lot of our esteemed students opening stores where they will sell lingerie . . . They shouldn't pass up the opportunity when they will already have so many pink slips . . . and free, too.

**NEW RECORD . . .**

Phil Trine, Loren Ingols, and Chuck Bem have finally done it. On Tuesday, they succeeded in driving their hot Durant to school. They broke all existing speed marks in coming from Santa Cruz in the phenomenal time of 1 hour 40 minutes, thereby establishing a new high average of 25 mph (pronounced umf).

**OLD STUFF . . .**

This shmoe Francis Craig who writes songs has gone too far this time. If I remember correctly, Marie Antoinette (when I say remember, I mean from history, not personal experience) . . . where was I? Oh, yeah, Marie Antoinette on her way up to the guillotine said, "If I lose my head, I beg your pardon."

**IT PAYS TO . . . ETC.**

There's nothing like advertising when there is a lot of competition. Bo Brown, otherwise known as Webster and Lover, etc., has been running an ad in the case on the main bulletin board this week stating the requirements for Sadie Hawkins' Day date applicants. It really isn't so tough, as long as the applicant has a million bucks, and, of course, experience is preferred.

Speaking of Brown, Bo's little brother, Ed, now matriculating at Jaysee, and on the golf team, was unable to participate in the meet at Monterey . . . Reason—he had the measles.

**SIGNS OF THE TIME**

The linoleum in the hall is as full of holes as last week's meal ticket these days. I really thing that those women who are running around after the men could leave their track shoes on the porch. It is really the funny sight watching them take that turn at the far end of the hall on one spike.

## Lofton Speaks To Art Majors

Mr. Richard Lofton, noted American painter, spoke to a group of sophomore art majors last Wednesday in the Little Theater.

Mr. Lofton brought several of his own paintings and discussed his ideas about art and his own methods of composition. After his introductory discussion, he answered many questions presented by the college art students. The talk was an opportunity of unusual quality for the school artists, and it was greatly appreciated by them.

Prior to the war, Mr. Lofton was a prominent artist and teacher on the East Coast. After being stationed at Fort Ord, he decided to make his home in Carmel. As an active artist there, and member of the board of directors of the Carmel Art Association, he has gained wide recognition in California.

## Glee Club Cancelled

Word was received by Mr. Clifford Swanson that the Ventura Glee Club, scheduled to come here March 19, are unable to attend because something technical has arisen in their music department.

## Graduates Attention!

All candidates for graduation should keep a careful watch on the bulletin board regarding their status quo. Names will be added to or deleted from the list as the candidates' qualifications are brought up to date.

## Sadie Hawkins' Days of Other Years

The Sadie Hawkins' days of former years have been met with as much enthusiasm as the 1948 field day for girls, it is learned from old copies of The J.C. Panther Sentinel.

In 1946, Jean Emery, who later gained fame in the Miss America Atlantic City beauty contest, was found to be the typical campus Daisy Mae and Ballard Fish startled everyone as the wolf gal. Inflation, incidentally, has set in . . . prices for the 1946 event were 80 cents per couple.

Ladies' Day on the J.C. campus officially started in 1937 when the first Sadie Hawkins' activities were held. The day was such a success that it became an annual event.

Martin Blatt's local band furnished the music for the 1944 tussle. Excitement prevailed to such an extent on the campus that day that home economics instructor, Mrs. Hope Baxter, was quoted as saying, "I'm all excited about it myself, and I've hauled out my gingham dress to honor the occasion."

Things were pretty bad in 1943 — the Sadie Hawkins' dance was held in the women's gym to the music of selected records. Such dances as the Grandpa Snazzy's Jig, and the Barleycorn Jig were introduced and enjoyed by the rugged attendees.

## On Other Campuses

Menlo Alumni clubs are booming these days. Membership is growing and new chapters are being formed in such far-flung places as Salvador, Hawaii, San Francisco, and Los Angeles.

Napa Junior College students were honored with an appearance recently of KSFO broadcaster Bill Baldwin at a recent pep rally.

Marin Junior College is no more. The junior college recently voted to change the school from a J.C. to a college, so the correct title is now Marin College.

## DEFICIENCIES MAILED OUT

Deficiency notes were mailed out this week, and it was revealed, to many sighs of relief, that there were fewer notices mailed than at any other time in the past year.

## Outstanding Hal Hunter

Going places in a geographic way will be this week's outstanding student, "Happy Hal" Hunter. Following the completion of his studies as a forestry major this spring, he will tote self and wife off to either Montana or Idaho, where he plans to continue his education.

An all around athlete, Hal has received a vote of confidence from his fellow Block "S" men, and served as president of that active organization for the past two years.

Interested in all sports, he played them all at Salinas Union High School, and was actively responsible for the championship caliber football, basketball and track teams of 1941. After graduating from S.U.H.S. in 1941, he entered J.C. His education was interrupted after one semester as he took time out for a hitch in the U.S. Marine Air Corps.

Returning to these halls in 1946, he proceeded to make a name for himself in our athletic hall of fame. He has two years of football behind him, and was captain of last year's baseball team. He is one of the best prospects for this season's nine.

A cheerful red head with friendly blue eyes, Hal is usually seen with a big grin on his face. A product of Northern California, he stands at 5 feet 10 inches. An "oldtimer," he claims May 2, 1923, as his birthdate.

## Sequoia Films Here Next Week

Mr. D. T. Scoyen, superintendent of Sequoia National Park, will be here March 19, at 10 a.m., to give a talk on western national parks. It will be held in the Little Theater. Students will be excused from classes that period and are urged to attend.

During his talk, Mr. Scoyen will show many slides in natural color and kodachrome which he took during his duties as superintendent of the park.

## Tumbling Team To Perform

G. Darwin Peavy, instructor, and the tumbling team will appear at the Fort Ord Recreation Hall, Fort Ord, March 17.

Their last appearance was the Menlo basketball game here.

## LIBRARY

### Russian Dictionary To Shakespeare

Several new reference dictionaries and handbooks have been received, according to Miss Lulla Wiens, librarian.

Some of these books are:

Handbook of Chemistry and Physics; Von Nostrand's Scientific Encyclopedia; The Handbook of Shakespeare Quotation; Granger's Index to Poetry and Recitations; The Engineer's Manual; Rhyming Dictionary; The Five Thousand Word Dictionary.

Russian - English dictionary; English-Greek and Greek-English dictionary; Dictionary of Word Origins; Modern Portuguese-English and English-Portuguese dictionary; Latin-English and English-Latin dictionary; Latin and Greek in Current Use.

English-Spanish and Spanish-English dictionary; Heath's Standard French and English Dictionary, and many others. Also, a new set of the World Book Encyclopedia has been received.

These books are to be used in the library only and cannot be checked out at any time.

## Thompsons Are Proud Parents

Joanne Louise is the name selected by Mr. and Mrs. Milton Thompson for their first child, born Monday, March 8.

The new father and his wife, Carol, are residents of Carmel, where the baby girl was born in the Peninsula Community Hospital. The young miss weighed seven and one-half pounds at birth.

Milton is now in his freshman year at Salinas Junior College.

## Ski Club Plans Trip

At the Tuesday meeting of the Ski Club, plans were discussed for taking a trip to Yosemite, March 19 and 20, if weather conditions permit.

## Salinas Golfers Down Monterey

Salinas J.C. golfers made their first appearance a successful one as they turned back the Monterey High divoteers, 15½ to 5½. The matches were played last Saturday over the championship Del Monte course on the Monterey Peninsula.

Playing number one and leading the Panthers was diminutive Ernie King, who took medalist honors with an 80. King teamed with Norman Nuck to make a clean sweep of their match with the Toreador duo of Felix Spiegler and Roy Drocovich.

Ken Melrose, third man for Salinas, hobbled around on a bum foot but still managed to garner 2½ points from Nick Marotta. Bob Darrow, playing in the number four slot, picked up a half point from Joe Kirby and together with Melrose picked up another half point on the team. Dick King added another 2½ points to the Salinas cause as he downed Monterey's Bill Moody.

## Panther Cindermen In Seasonal Lidlifter

Coach Bob Robinett's Salinas Junior College cindermen face their first real test when they tackle the University of Santa Clara in a dual meet here tomorrow afternoon at 2 p.m.

Most disturbing factor is the lack of material in the field events. Robinett's manpower resources are limited to a handful which he will have to spread out over the many events.

Greatest asset to the team is the return of the running Hisermans, Les and Arnold. Arnold considered one of the best low hurdlers for the Panthers, is now centering his efforts in the dash department. Les shows good

form in the half mile, and should be a sure point-getter for the Maroon and Gold-clad warriors this season. Both are expected to cop several first place points for the locals.

Hounding Arnold Hiserman in the dashes is Gino Lorenzi. Lorenzi has shown exceptional speed for his first time in a track uniform and is counted on heavily to bring home points for the Panthers.

Dan Murray and Steve Gamble are rapidly acquiring midseason form in the 440.

The Broncos are of an unknown quality as this is their first year with an organized track team.

## Netmen Win

In preparation for their first league encounter with Marin Junior College next week, the Salinas Junior College netmen won their initial practice match, 5-2, against the Monterey High School netsters.

Milt Thompson and Bill Johnson, the Panthers' top-ranking players, were trimmed, but both were way off their game. Ray Marnach, Ron Wardle, and Cal Cory encountered little opposition in posting wins in their singles matches.

Both Salinas doubles teams registered easy victories.

A proverb is a short sentence based on long experience.

A sharp tongue is the only edged tool that grows keener with constant use.

## Salinas Nine In Stalemate

The Panther baseballers opened the 1948 baseball season with a 3-3 nine-inning stalemate against San Jose State Frosh last Friday on the Panther diamond.

Stan Miller and Larry Connor allowed only one hit during their time on the mound to keep the Spartans under control at all times. The San Jose boys collected their three runs through costly errors on the part of the Panther infield.

Salinas gathered in their three runs on errors and Ernie King's timely hit in the clutch.

Chuck Mornard led the Panther stickers with three hits. Ernie King, Art Martinez, and Larry Connor each collected one safety apiece to complete the total hits garnered by the Panther nine.

## Monsters Capture Cage Championship

Retaining their perfect record, the Little Monsters captured the intramural cage title by soundly trouncing the Monterey Sardines, 37-26, in the final tilt of the season.

With the championship hinging on the outcome, the Monsters left little doubt as to which was the better outfit. Except for a short-lived 6-4 advantage, the Monsters had the game in control throughout.

Doyle Burnett and Jim Morrison paced the winners with their brilliant defensive and offensive play. Morrison, leading scorer in the league, couldn't be stopped as he garnered 15 points.

A banker may write a bad poem and get away with it; but just let a poet try writing a bad check.

## Salinas Cagers On Second Five

Jerry Hoagland and Russ Bohlke earned second string berths on the "B" Division all-conference basketball choices as selected by the coaches and writers of the league. The survey was conducted by the San Francisco Guardsman, and is considered to be the official all-conference selection.

Although Salinas failed to play a single quintet in the "B" Division, for some unknown reason they are listed in that division.

Bud Goodier and Don Lofgran, the leading scorers in either conference, paced the star-studded "A" league aggregation. Bob Payne and Bill Wirt headed the "B" division five.

Bohlke and Hoagland might have fared better in the selections had they played against "B" division foes. Salinas' only "B" division opponent was Stockton, whom they dumped twice in early season practice tilts. Stockton, incidentally, copped their divisional title.

## Benefit Cage Clash Tomorrow Night

In a benefit for the Salinas Junior College Scholarship Fund, the winners of the city leagues in Salinas and Watsonville will vie for supremacy in a cage clash tomorrow night in the men's gym. Tip-off time for the preliminary battle, between the "B" division leaders, is set for 7:30 p.m.
